Soehnle Fit Connect
300 HR with Bluetooth®
S268102

**Soehnle Style Sense
Compact 100 S263850**

A scale that maximises on practicality: up to a maximum bodyweight of 180 kg / 396 lb, displays precisely to 100 g / 0.2 lb increments on the easy-to-read LCD screen.

**Soehnle Shape Sense
Control 100 S263857**

The scale automatically recognises up to eight people so all the family can participate. Its large platform is made of high-quality safety glass and body values and weight can be read very easily on the large LCD screen.

**Soehnle Style Sense Multi
100 Scale S263861**

Scales show the difference from the previous weight by displaying the increase or decrease in colour. Extra large, illuminated LCD display for easy readability, even in low light environments.

**Soehnle Style Sense
Compact 200 Black
Edition S263874**

With its compact, extra-thin design, it is not only easy to store anywhere but an ideal fit for smaller bathrooms. The large digits make body weight easy to read in precise 100g increments.

**Soehnle Roma Silver
S265856**

5kg load capacity and high weighing precision with a graduation to 1g precision. The removable weighing plate made of safety glass can easily be cleaned even in the dishwasher.

**Soehnle Page Profi 300
Kitchen Scales S261507**

Its innovative HOLD function freezes the weight display for 10 seconds: A really practical feature when weighing up to 20 kg of ingredients or large items that conceal the display.

**Soehnle KSD Page Profi
Kitchen Scale S267080**

Sensor keys ensure ease of use and has a 15kg load capacity. Comes in a modern design and is perfect for all cooking and baking needs.

**Soehnle Fit
Connect 100 with
Bluetooth® S268100**

Uses a vibration alarm to remind you of the goals you have set and tracks your number of steps, the distance covered, calories you have burned and overall activity duration.

**Soehnle Blood Pressure
Monitor Systo Monitor
Connect 400 S268097**

This highly advanced upper arm blood pressure monitor sends your current measurements directly to the Soehnle Connect app via Bluetooth®. 20

One handle.
Multiple heads.
Custom made display.
Endless possibilities.

Leifheit Disc Mop Replacement Head S252095

Washable at 60°C

Flexible, absorbent microfibres for
shiny results

Ideal for cleaning stone floors and tiles

Also available: S252067

Leifheit Clean Twist Disc Mop Ergo Mobile Set S252102

Easy to wring: In handle spin technology allows the mop head to spin in the special chamber making "wringing" the mop simple and easy on your back.

How damp?: Choose how moist you want the mop to be: Rinse the mop in the bucket, then spin the mop by just pressing the handle; water and dirt are "spun" out. The more presses, the dryer it becomes.

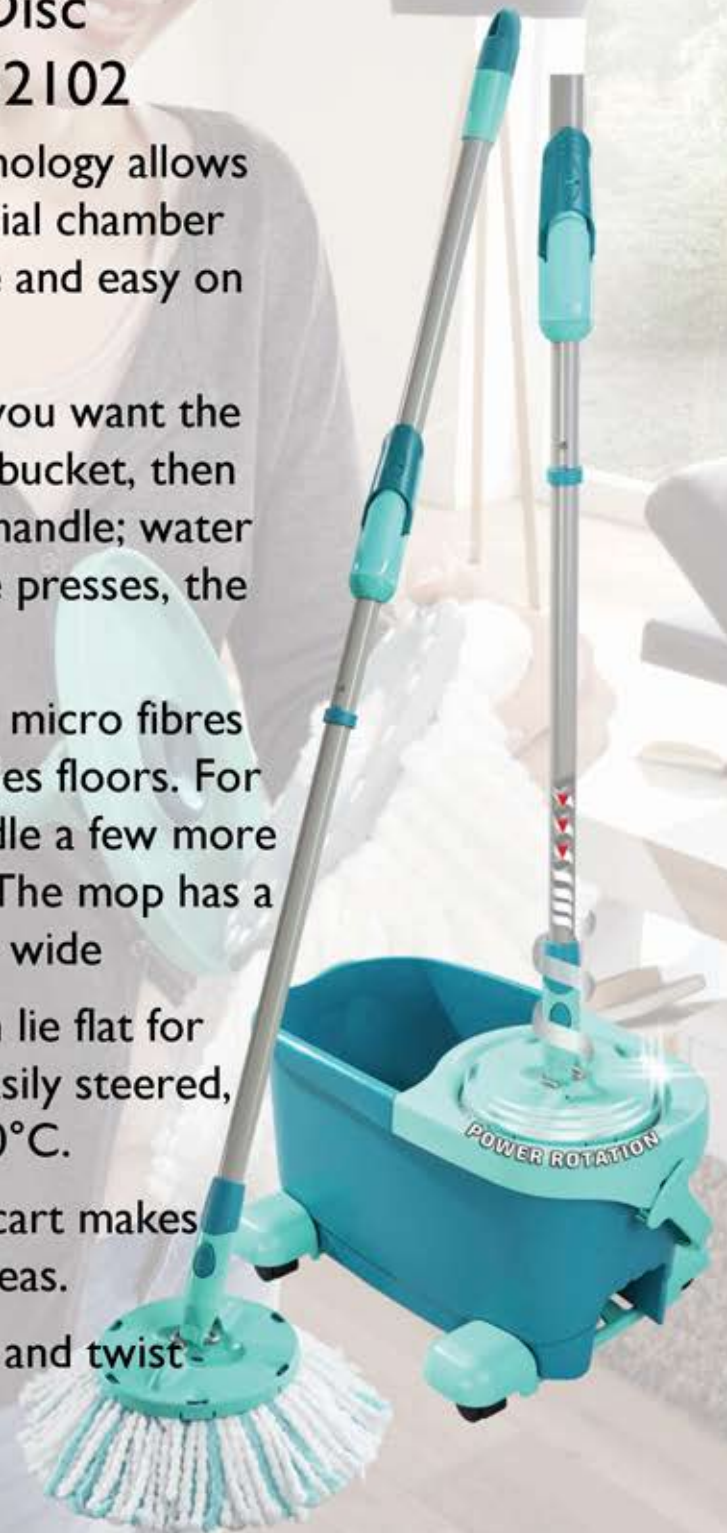

Micro fibre mop head: The mixed micro fibres make this mop ideal for cleaning tiles floors. For water sensitive floors, give the handle a few more presses and the mop is less moist. The mop has a cleaning width up to 33cm wide

360° Handle joint: The mop can lie flat for cleaning under furniture and is easily steered,
Mop head washable at 60°C.

No Carrying: Wheeled trolley cart makes
light of cleaning larger areas.

Complete Set: 20 litre bucket, and twist-
wringer,

3 year guarantee.

Add some
colour to those
mundane tasks!
